

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA00064DE

This certificate, issued to **Aeropod, Inc.**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 3A24

Make: Cessna

Model: 185, 185A, 185B, 185C,
185D, 185E, A185E, A185F

Description of Type Design Change:

Installation of external Cargo Pod in accordance with Process Specification MP185CP1, dated August 29, 1993, Aeropod, Inc. Drawings 185CP1, 185CP2, and 185CP3, FAA approved November 24, 1993, or later FAA approved revision, and Installation Instructions Report 185CP3INSTR, dated August 29, 1993, or later revision.

Limitations and Conditions:

1. FAA approved Flight Manual Supplement, 185CP3AFM, dated November 24, 1993, or later FAA approved revision is required.
2. The cargo pod is not eligible for installation on A185F aircraft with the factory installed float installation. Each STC for float approval must be evaluated for float/cargo pod compatibility. (Ref: TCDS 3A24)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 29, 1993

Date received:

Date of issuance: November 24, 1993

Date amended:

By direction of the Administrator
